

Q1 Project final draft

Due Monday, September 17

1. Go back into the Google document containing the draft you wrote in part 2.
2. Edit the draft according to the comments (if any) so that it becomes a final version.

Final Version Rubric:

- 10 points: Technical Correctness
 - Named correctly
 - Contains a link that works
 - I should be able to click it from the document
 - Put it at the top or bottom, not the middle
 - All comments should be resolved.
- 10 points: Mechanical Correctness
 - Written as paragraphs, not as a numbered list or bullet points.
 - Standard English:
 - Spelling
 - Grammar
 - Usage
 - Capitalization
 - Punctuation
 - Etc...
- 30 points: Content
 - 10 points: General summary
 - 10 points: Discussion of independent and dependent variables
 - 10 points: Discussion of the independent and dependent behavior.

There is no minimum length, but if it is too short you will lose points on content for not covering it in enough detail.
